Hi Nan,

Evelyn approved the below salient:

Anacostia Trash Workgroup Meeting at the Metropolitan Washington Council of Governments (MWCOG)- On November 27th, staff from the TMDL team attended an Anacostia Trash Workgroup meeting, which included representatives from federal, state, and local government. Workgroup discussions focused on harmonizing reporting metrics for the extensive trash reduction efforts performed by the District of Columbia (D.C.) and Prince George and Montgomery counties in Maryland. Attendees were interested to hear about EPA's progress on the revised trash total maximum daily load (TMDL) for the Anacostia watershed, which is being developed in cooperation with our state partners, Maryland Department of Environment and the D.C. Department of Energy and Environment. The Workgroup invited EPA to join successive quarterly meetings and welcomed status reports on the trash TMDL when available. EPA plans to attend and seek input from the Workgroup throughout the TMDL development process. **Jillian Adair, 215-814-5713; Micka Peck, 215-814-5192.**

Thank you!

After review by an immediate supervisor, please submit any relevant items in the categories below to me (and cc Tom Damm) by **5:00 pm on Mondays**

- **Salient issues** – One paragraph, no longer than 4-5 short sentences (no more). The first sentence should explain the who, what, where, why and when. The rest of the sentences should support that statement and include information on local, state and federal involvement.
- **Upcoming Meetings** – Significant meetings that would generate a salient issue afterward.
- **Upcoming Decisions** – Key documents either awaiting the RA's or DRA's attention or that will soon be submitted for a decision.

Please also submit any events, meetings or activities taking place outside of Region 3 offices where you could potentially interact with the public, press and/or elected officials. Those items are compiled in a weekly WPD activities spreadsheet sent to the Office of Communications and Government Relations.

Thank you.

Nan
